Exam I
MSE 2001B Introduction to Materials Science
Instructor: Mo Li

Date: Friday, September 17, 2004
Due: 5PM, Monday, September 20, 2004

Instructions:

[1] It is open book, open note, open internet exam. But you are asked to finish the test ALONE. If you have any question regarding the problems, please contact the instructor.

[2] You have 2 CONSECUTIVE days to finish your exam. You may start your exam at any time. But you are not allowed to start (or look at or read) your exam, and then put it aside for some time and restart it later.

[3] If you could not finish the exam at the end of the 2nd day, please mark where you are on your exam answer sheet. You can continue doing it. This part of your solution will also be given credits, although not a full score.

[4] If you have trouble doing it during the designated time period, please let me know. You can turn in late with full grade, but you need to have my consent.

[5] Please return your test in PAPER FORM to RM. 365, Love Building. I will leave a box outside my office in case I am out.
